The County Front

Homer Miller

FARM BUREAU CONVENTION in Louisville was held last week. There were more than 1,000 farm men and women. Four attended from this county.

FARM BUREAU MEMBERSHIP set a new high record last week. This county also set a record with 111 members. This is the highest number we have had in 10 years.

OFFICERS were elected for the new year. For a very successful year.

FARM BUREAU meeting will be held at Louisville, December 11—all directors are urged to attend.

More and more livestock on Kentucky farms. The county has shown a definite increase in this county. The number of livestock has increased, but the quality has improved.

IS A GUIDE to fertilizer recommendations for crops. If you haven't had your soil tested, plan to have it done. You will know where you are and what is required. KNOW INSTEAD OF GUESS!

Complete funeral service in every range. Inquire and be convinced. Ambulance equipped with oxygen. Available day and night.

County Declares Dividend

Board of directors of the Kentucky Salt Manufacturing Company at a meeting today de-

clared a dividend of 80 cents per share on common stock with a par value of \$10 per share, payable December 14, 1951, to shareholders of record at the close of business December 3, 1951.

Transfer books do not close. The year-end dividend, the 257th consecutive dividend declared by the company, will bring to \$2.00 dividends paid during the calendar year 1951.

THESE TREES WENT TO MARKET

America has a thousand and one uses for the lumber sawed from logs which are produced in our green and growing forests. Lumber and plywood are the nation's basic building materials—for churches, homes, schools, factories, ships, bridges, freight cars, farm structures, and for many other purposes.

America relies on its growing forests to an ever increasing extent to supply the raw materials to make the things we need.

This is why it's important for every citizen to do his part in protecting forests from fire and to encourage the growth of trees for tomorrow. Nine out of ten forest fires are caused by people and preventable.

Keeping today's little schoolhouse out of the Red!

It takes a heap of taxes to educate a child. Schools, teachers, buses and books run into a lot of money. As a taxpayer you'll be interested to know that the railroads paid in Kentucky last year a total of \$7,191,890 taxes—of which \$3,660,047 went to support public schools... including those in your community.

And there's another fact about the railroads which is even more important to you, as a taxpayer. The railroads pay their own way in every way. They pay every nickel of the cost of everything they use.

What's so extraordinary about this? Just that it's true! No other form of public transportation! All the others depend on your tax dollars for support.

The railroads pay their own way in every way. They pay a billion dollars in taxes besides.

Kentucky Railroad Association

Soil Conservation

By Herbert Anderson

Dawson Edwards, Fairdeal, has seeded ten more acres of pasture grasses and legumes this fall. By doing this, he is saving his soil and providing forage for his dairy cattle.

The supervisors of the Marshall County Soil Conservation District regret to inform you that they lost a good technician.

Scott DeMeyer, an employee of the U. S. Soil Conservation Service, has been transferred to the Fulton County District. His work here has been to give the farmers technical help in applying soil and water conservation practices.

Gus Hopkins, east of Hardin, Lloyd Collier and George Hamrick, Fairdeal, last week, received certificates of award from the Kentucky Soil Conservation Committee. These were in recognition of the fact that they completed ninety per cent or more of the practices needed to control erosion on their farms.

C. C. Minter, Elva, dug a 500 foot drainage ditch to carry part of the water which flows off of other land across his bottom on its way to Clark's River.

Minter's corn crop was almost a complete failure this year. Grass will grow in water where corn won't so he has seeded about six acres to fescue.

Jewell Minter, Elva, has four acres which overflows frequently. Fescue is again being given the chance to prove its worth in water.

Galen Hiett, Benton, has finally got the last of his old terraces worked down to his size where he can handle them.

Hiett says, "When I started work on this terrace, I couldn't cross it; the ridge was almost waist high."

"Now I have the ridge lowered and spread out until it looks more like the modern broad base terrace," he continued.

Billy Watkins has taken more steps to make sure his whiteface cattle have plenty to eat next year. About ten more acres have been seeded to permanent pasture on his farm west of Gilbertsville.

BACKACHE

Going Away Party

Mr. and Mrs. L. A. Solomon of Calvert City, Ky., were given a "Going Away" party Monday night at their home.

Friends and acquaintances of this Calvert family expressed their sorrow in losing this family to Murray, where the Solomons have chosen to make their home in the future. A nice gift was bestowed upon them at their going away.

Mr. Solomon has been one of the leading citizens of the community in promoting all progressive movements of the city and a fine businessman. The family has the ideals of culture and prosperity, and their many friends regret to see them leave their old home.

There were approximately fifty persons present. The Solomons left Tuesday for Murray.

McGregor has come and we all stopped for a brief moment of our blessings and give thanks to our God as those first pilgrims did. I am sure if we did we can't begin to name the many things we are made to see and feel we can be thankful for at this time. The Oak Level PTA and the teacher, Clint Holmes, are really busy these days. They sponsored the Fiddlers' Contest last Wednesday night, November 21. It went over with a big bang. It could not have been better and the musicians were fine. Every one present seemed to enjoy it and we had a full house. J. T. Parris carried home the turkey for having the lucky ticket. Virgil received the door prize, set of lamps.

Last week we put folding doors to the little room and a few coats of paint which makes it shine. A new floor is put in around the stove. We have a new G. T. Electric Roaster which can be used as a stove.

We are now planning our Christmas program which date will be announced later. We hope to have a string band and it will all be free.

There is a good clean picture show at the school house every Friday night and the proceeds go to the school.

Our sympathy to the family of Hardy King—his work in making cemeteries more beautiful will long be remembered.

We also send our humble words of comfort to Mrs. Louise Barefield, whose mother passed away November 22. Greetings to all who are not able to be out. Mr. Lee Shepherd, Jim Rudolph, Bert Dishman, Robert Eley, Ephram Rudolph, Jim Hancock, and others probably I do not know about.

Ralph English is ill in the I. C. Hospital. O'Neal Darnell and Jr. Hall, draftees are leaving for camp this week, both are married. This, I would say to their wives, "Keep the home fires burning." Mrs. Lena Rudolph is visiting in St. Louis this week. As we pass from this Thanksgiving into the spirit of Christmas, let us not lose our thankful attitude.

A thought for today: As long as there is somebody or, something to love, life is worth living.—Anon.

Sharpe:
By Iva Campbell

Hello Everybody! I guess most folks feeling all wet this Thanksgiving season. But let's not forget those lovely sunshine days that October brought us. I am so guilty myself of finding fault—and here is a ninicent that shows up the human race: A great lecturer talking to a group displayed a white sheet where, on which was one blot. He asked "What do you see?" They answered, "A blot." They failed to see the snowy white page. Do we all look for the bad? Are we so busy making a living that we have no room for life? There is so much bad in the most of us, we feel unfit to pray—but a chaplain once said, "We do not pray because we are good, but because God is good."

To Patsy and James Gillihan: Do you know anything more beautiful than a church wedding? There is no wonder that Christ was called the bridegroom and the church the bride. You two had the honor of being married at the altar where there had not been a wedding for forty-five years. In 1906, Mr. and Mrs. Evans Rudolph were married in the Sharpe Church. In my life, I have attended five church weddings; it seems to bring us nearer to God and his altar. An altar is the most sacred place on earth. It is here the couple is married, the babies are christened, Christ accepted and church membership is established, and last, when life is over—back to the altar we are brought for the last sacred rites to be

"Monthly Pains" stopped or amazingly relieved
In 3 out of 4 cases in doctors' tests
Chances are you're putting up with unnecessary pain—caused by functional cramps and weak "bad" feelings of menstruation!
For in actual tests by doctors, Lydia Pinkham's Compound brought complete or striking relief from such distress in 3 out of 4 of the cases.
Lydia Pinkham's is modern in its age.
So get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron. See if taken through the month—it doesn't give relief from those backaches, headaches, or other troubles during your period.
Or—if you suffer from functional "hot flashes" or "change of life" find out how wonderful Pinkham's is for that, too!

"Hot Flashes Stopped" or strikingly relieved
In 63-80% of cases in doctors' tests
If you're miserable from the "hot flashes," and accompanying irritable, restless feelings of "change of life"—you may be suffering unnecessarily!
For... in tests by doctors... Lydia Pinkham's Compound and Tablets brought relief from such distressing conditions in 63% and 80% (respectively) of the women tested! Complete or striking relief!
Vest Research has proved these medicines thoroughly modern in action. She has shown you where to look for relief from those distressing, nervous, "out of sorts" feelings of mid-life "change."
So... get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron (Wonderful, too, for the functional pains of menopause).
It acts through a woman's sympathetic nervous system to relieve distress of those awful "hot waves!"

BETHLEHEM BAPTIST CHURCH

No Man or Woman Can Enjoy Life With Stomach Gas!
Poor digestion—swelling with gas after meals—heavy feeling around waistline—rifting of food. These are some of the penalties of an Upset Stomach.
CERTA-VIN is helping such victims right and left here in Benton. This new medicine helps you digest food faster and better. It is taken before meals, thus it works with your food. Gas pains go! Inches of bloated vanish! Contains Herbs and Vitamin B-1 with Iron to enrich the blood and make nerves stronger. Weak, miserable people soon feel different all over. So don't go on suffering. Get CERTA-VIN—Nelson Drug Store.
Attend Church Somewhere Next Sunday

GLORY TO GOD!

Every Sunday Jimmy stands here in the choir loft along with twenty other boys singing some of the most glorious music ever written.

For three years he has been singing for his church, and now after these many months he wouldn't miss practices for the world.

But it wasn't always like that! During those first months tears were shed and Dad had to force Jimmy to attend rehearsals, because you see Jimmy didn't know what was best.

There is a job for everybody at church. Maybe it isn't as obvious as singing in the choir. Maybe it's something that's never been done before. But the thing is, you'll never know until you go and find out.

All of us aren't as lucky as Jimmy. Most of us, and especially grown ups, don't have anyone to insist that we go to church.

But the need is there. We need the church and its teaching, and the church needs us to extend its work and services.

Go to church next Sunday and find out how you can best serve God.

THE CHURCH FOR ALL... ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

High Honors for Four Kentucky 4-H'ers
HIGH HONORS have been accorded 4-H'ers for having the best records in the 1951 National 4-H Garden, Girls' Record, Home Improvement and Tractor Maintenance programs in Kentucky. These awards were educational trips to the 30th National 4-H Club Congress, Chicago, November 25-29. Highlights of their records are told below.
James McGee, 20, of Russellville, has been judged Kentucky champion in the 4-H Tractor Maintenance program. A club member for ten years, James has spent three years learning about farm machinery. Last winter he attended the Tractor Maintenance School for Leaders at Princeton, and upon completion of the course taught 12 boys in the second year tractor group, and 14 boys in the first year unit. He has given 11 exhibits in tractor warm-up and operation and was one of a team demonstrating a general tractor and manager. Barbara has been in club work five years and during that time made 381 garments, mended 348, cleaned 2,145 yards of food, froze 350 pounds of meat, prepared 758 meals, and raised 980 birds. Among her awards are six championship ribbons. Barbara has held several offices in her local club, has taught sewing to a variety of girls, and has given ten talks and written 23 news stories about 4-H work. Montgomery Ward provided Barbara's trip award.

James McGee, Emille Moore, Barbara Gorbant

Growing a garden has served as a three-fold purpose for Barbara Gorbant, Jr., 17, of Eminence, state winner in the 4-H Garden program. Buford has supplied club members with a variety of free vegetables, reduced the cash outlay for food, at the same time promoting relaxation and good health. His trip award was presented by Allis-Chalmers. Although gardening was his "special" project Buford made his paying proposition with a calculated income of \$500; this addition to fresh foods during the growing season and 34 quarts of canned food. He has stimulated community interest in the 4-H Clubs through 34 speeches given. For the past five years seven years in 4-H, Buford has served as president or vice-president of local 4-H Club and has been president of the county organization.
These activities are conducted under the direction of the Service of the State Agricultural College and USDA cooper-

EYES ARE AN ASSET

A person's eyes are a valuable asset. Yet many neglect them. As an adult gets older the eye lens, like an old rubber band, loses its power to accommodate the eye to dim light or small print.

This is not serious. It is not a disease any more than gray hair. It is a natural sign of middle age which can be relieved by the use of ready-to-wear reading glasses. Lintotype operators frequently need simple plus lenses to help them see the "copy" they set on their machines. Tool makers and machinists in defense plants must read with accuracy the gages with which they turn out precision instruments. The older and more skilled these men are, the more apt they are to have middle-aged far-sightedness, which can be overcome by inexpensive ready-to-wear reading glasses which are sold in varying degrees of strength in every drug store, department and dime store in 44 states of the Union. These glasses are optically excellent and recommended by physicians.

Notice SWINGAWAY TOP with 2 1/2" space between rolls for safety and easy cleaning.

RUST-PROOF ALUMINUM FRAME. Bronze, self-lubricating bearings (not wood). Knee-action coil spring tension.

100% EXCLUSIVE—only Speed Queen has it. On the Heavy Duty Model

Shoot The Bulls Eye

YOU CAN'T LOSE

IF You're A HUNTER, YOU NEED TO SAVE YOUR Car. USE ONE THAT WON'T DEREGULATE, and WILL GET YOU THERE and BACK

You've Been Asking For Pre-war Cars, NOW We've Got THEM, And THEY ARE ALL NICE. REPEAT! THEY'RE ALL GOOD!

1939 Chevrolet

5 Passenger Coupe. Beautiful blue paint, upholstery nice and fussy, and the motor is quiet and full of git-up as a teen-ager. An ACE!

1938 Chevrolet

2 Door Sedan. New tires, plenty accessories, motor clean, and just overhauled—owned by a mechanic. This is a real dandy—just what you've been wanting. Try it!

1941 Chevrolet

Pick-up truck. We have never had a nicer running or better driving truck than this one. It is a way yonder above the average, and a DEPENDABLE worker. Save money and enjoy driving this one.

1935 Ford

2 Door Sedan. This is the solidest little '35 you'll ever see. It's a pleasure to just listen to how the doors shut. It's a local car, and worth the money.

1946 Hudson

Fourdoor Sedan. This one has radio, heater and seat covers. Loaded with heavy chrome and stainless steel. They don't make 'em that way any more. This one will go cheap. It's in real, I mean real, good condition. It's PRETTY, too.

1940 Plymouth

2 door sedan. Soft Grey color, with same as new tires, seat covers and heater. Good runner—a money saver.

1939 Plymouth

2 Door sedan. Has heater, nice tires, and drives okay. This ain't the best, but it's good old solid transportation, and that's what you need.

In addition to this, we've got plenty of FINE late model cars and we've re-priced them. We've got them to sell, and all we need is YOU!!!

Let's Swap!!!

Purchase Of Seals Request

Help Stamp
Out T. B.

November 19th Christmas seals were sent out to the citizens of Kentucky. The public is asked once a year to give financial support to this worthwhile cause through the purchase and use of Christmas seals.

The entire program of the tuberculosis association is financed exclusively through the sale of these Christmas seals. The sale of seals in Kentucky is conducted by thousands of volunteers, each serving as a county chairman. Since the beginning of the regular stamp out this disease, the death rate from tuberculosis has been 85 percent.

Seals must be made available to the public as early as possible. The spread of tuberculosis is a real menace to those who are or who may become carriers of the disease. It is an infectious fact that tuberculosis can be cured if taken in early stages; that it is not curable; that it is a chronic, infectious disease; and that it is more people than all other infectious diseases combined.
